ATLAS for Offices

More Self – Sufficiency for Users – Less Administration for Facility Managers

Managing office access presents challenges such as automating administrative procedures, providing flexible access management for internal & external demands, and ensuring digital access for simplified movement. ATLAS addresses these issues, enhancing security and convenience for facility managers, employees, and installers!

Values for Facility Managers

➤ Seamless Integration with Microsoft Entra ID	This integration guarantees a smooth flow of role-based access. Any changes you make in Entra ID, such as adding or removing employees, instantly reflect in ATLAS, no need for double work.
➤ Decentralized Digital Key Management, Less Administration	Employees can seamlessly add digital keys to their phones, done simply by logging into a Microsoft account, downloading the app, and scanning the QR code provided.
➤ Save Time – No More Cards, More Effective Administration	ATLAS supports mobile-only, virtual access cards, making access a breeze.
➤ Effortless Management of External Users	Easily add external users that are outside of your ENTRA ID on the Web Portal or share access with WhatsApp (or any other messaging app) to specific doors. Whether it’s installers enhancing your system via the ATLAS Config app or designated groups such as cleaners and maintenance personnel requiring entry, it’s smooth and straightforward.
➤ One-Click Commissioning of Wireless Hardware Without Local Infrastructure	Easily wake up the lock, add it to the web portal with a single click, and complete the setup in minutes.
➤ Building Access Security	Continuous delivery of updates with data and privacy protection policies, along with strict compliance standards.
➤ Smart Access Event Management Through API	Easily track and store access events. Export event data seamlessly to third-party tools with a single click, while ensuring long-term storage for self-service lookups.

Values for Employees

➤ Transition to Digital Access	ATLAS prioritizes ‘access at hand’ via your mobile, enhancing security with virtual access cards securely stored in the app. Simply unlock your phone to open doors, ATLAS app runs in the background.
➤ Empower Your Efficiency with Our Self-Service Portal	Hybrid workers? Book a workspace on the go in seconds! And for those who want year-round access, ATLAS allows user groups permanent entry without the fuss of constantly booking visits.
➤ Improved Visitor Management Procedure	ATLAS takes the hassle out of hosting guests in your facility by seamlessly integrating with Microsoft Outlook, elevating the entire experience. Just input the visitor’s email address, select a meeting room, and send! Guests receive an invitation to download the ATLAS Access mobile application and can visit your facility.

Values for Installers

➤ Hassle-Free Setup with One Click	The process of setting up ATLAS is highly efficient, requiring no additional/specialized training. Simply wake up the lock, click, and within a minute, seamlessly add it into the Web Portal.
➤ Reduced Investor Costs	Without complicated cables and local infrastructure, installation is quicker, saving time and money.
